

Project Design Phase-II

Data Flow Diagram & User Stories

Date	03 October 2022
Team ID	PNT2022TMID04139
Project Name	AI-based localization and classification of skin disease with erythema
Maximum Marks	4 Marks

Data Flow Diagram:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

User Stories:

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Mobile user)	Registration	USN-1	User can register the application by entering their email id , password, confirmation password.	User can access their account / dashboard	High	Sprint-1
		USN-2	User will receive confirmation email once they have registered for the application	User receive confirmation email & click confirmation option.	High	Sprint-1
